COMMANDANT'S MESSAGE

Marine's, FMF Corpsmen and Associate's

Our Marine Corps Birthday Ball

After considerable discussion amongst the Officer's and Marine Corps Birthday Ball Committee it has been determined, based on current COVID 19 virus situation, concern about safety, health and welfare of members and family that we regrettably have made the decision to cancel the 2020 Williamson County MCL Detachment 1022 Marine Corps Birthday Ball. Members unanimously voted to cancel our Marine Corps Birthday Ball in 26 Aug meeting.

The decision was not taken lightly, but with uncertainties concerning what the immediate future holds regarding the virus, current reduced attendee numbers and a number of other factors it was felt in the best interest to make the decision.

THIS DAY IN MARINE CORPS HISTORY

AUGUST

1 August 1944: After nine days of fighting in a battle termed "the perfect amphibious operation of World War II," Maj Gen Harry Schmidt, commander of V Amphibious Corps, declared the island of Tinian secured. The combination of surprise, heavy preassault bombardment, and effective logistical support was responsible for Tinian's recapture with a much lower casualty rate (344 killed and 1550 wounded) than had been experienced in previous landings.

3 August 1950: Eight Corsairs of VMF-214, the famed "Black Sheep" squadron of World War II, launched from the USS SICILY and executed the first Marine aviation mission in the Korean War in a raid against enemy installations near Inchon. After the F4Us delivered their incendiary bombs and rockets on their targets, the Marines concluded their greeting to the Communist troops with a series of strafing runs.

7 August 1990: President Bush ordered U.S. military aircraft and troops to Saudi Arabia as part of a multinational force to defend that nation against possible Iraqi invasion. One week later the Marine Corps announced the commitment of 45,000 troops to the Persian Gulf area as part of Operation Desert Shield which would become the largest deployment of U.S. forces since the Vietnam War.

9 August 1942: With the Guadalcanal airstrip secure after heavy fighting with the Japanese, the 1st Engineer Battalion commenced work on the runway using captured equipment. Three days later, on 12 August, the first plane landed on Henderson Field, a Navy PB4Y which evacuated two wounded Marines. Nearly 3,000 wounded Marines would be evacuated from Henderson Field during the battle.

THIS DAY IN MARINE CORPS HISTORY

AUGUST

17 August 1942: Just prior to dawn, the 2d Marine Raider Battalion under LtCol Evans F. Carlson landed on Makin Island from the submarines NAUTILUS and ARGONAUT. The next day the Marines left the island after destroying a seaplane base, two radio stations, a supply warehouse, and killing about 100 Japanese soldiers.

21 August 1968: PFC James Anderson, Jr., was posthumously awarded the Medal of Honor by Secretary of the Navy, Paul R. Ignatius, for heroism in Vietnam while serving as a rifleman with Company F, 2d Battalion, 3d Marines in February 1967. This was the first Medal of Honor presented to an African-American Marine. His parents, Mr. and Mrs. James Anderson, Sr., received the award during ceremonies at Marine Barracks, 8th and I.

23 August 1984: The last Marines to serve peace-keeping duty in Lebanon arrived home. The 24th Marine Amphibious Unit (MAU) arrived off the coast of Lebanon on 9 April to relieve Marines of the 22d MAU who were guarding the U.S. Embassy in Beirut. The 24th MAU left Beirut on 31 July, marking the last presence of U.S. combat troops in Beirut since Marines entered almost two years earlier.

24 August 1814: Captain Samuel Miller's 100-man detachment from Marine Barracks, Washington, fought in the battle of Bladensburg for the defense of the national capital. After helping to fight back three British charges, Captain Miller was wounded, and the enemy began to work around both flanks of the American force. Almost encircled, the force of sailors and Marines was forced to retire to avoid capture. The Marines lost 8 killed and 14 wounded.

This Week in Marine Corps History: Tinian Declared Secure

On August 1, 1944, Major General Harry Schmidt, commander of V Amphibious Corps, declared the island of Tinian secure. This declaration came after nine days of fighting Japanese forces that were occupying the island.

The combination of surprise, heavy preassault bombardment, and effective logistical support resulted in significantly fewer casualties (344 killed and 1550 wounded) than were experienced in previous landings during the Corps' Pacific Campaign. As a result, the assault on Tinian was coined "the perfect amphibious operation of World War II."

Black Sheep Squadron Begins Marine Aviation Involvement in Korean War

On August 3, 1950, eight Corsair fighter planes launched from the USS Sicily and carried out the first Marine aviation mission in the Korean War. The raid targeted enemy installations with incendiary bombs, rockets, and strafing runs near Inchon, Korea. The Corsairs were with VMF-214, more famously known as the "Black Sheep" squadron of World War II.

On August 7, 1990, President George H.W. Bush ordered U.S. military troops and aircraft to Saudi Arabia as part of a multinational force to defend that nation against possible Iraqi invasion. Henderson Field Secured

On August 9, 1942, the 1st Engineer Battalion began work on an airstrip taken from Japanese forces on the island of Guadalcanal.

The work was done with captured Japanese equipment and three days later, on August 12, the first American airplane, a Navy PB4Y, landed on what by then was known as "Henderson Field" to evacuate two wounded Marines.

Over the next few months, as U.S. Marines fought to take control of the island, Henderson Field would be the staging area for the evacuation of almost 3,000 wounded Marines.

PFC James Anderson Jr. Awarded Medal of Honor

On August 21, 1968, Secretary of the Navy Paul R. Ignatius posthumously awarded the Medal of Honor to Private First Class James Anderson Jr. for heroism in Vietnam, the first time an African-American Marine received this medal (and one of only five African-American Marines to ever be awarded this medal).

The award was received by his parents, Mr. and Mrs. James Anderson, Sr., at Marine Barracks 8th & I, in Washington D.C. This event was also notable in that it indicated the Marine Corps was evolving and that some of the long-standing prejudices within the Corps (namely those against minority Marines) were being eroded.

Marines Return Home from Lebanon

The 24th MAU left Beirut on 31 July, marking the end of U.S. combat troops in Beirut for the first time since Marines had entered the city almost two years earlier.
