Get To Know Our Members

We Are Veterans.

We left home as teenagers for an unknown adventure. We loved our country enough to defend it and protect it with our own lives. We said goodbye to friends and family and everything we knew. We learned the basics and then we scattered in the wind to the far corners of the Earth. We found new friends and new family. We became brothers and sisters regardless of color, race or creed. We had plenty of good times, and plenty of bad times. We didn't get enough sleep. We smoked and drank too much. We picked up both good and bad habits. We worked hard and played harder. We didn't earn a great wage. We experienced the happiness of mail call and the sadness of missing important events. We didn't know when, or even if, we were ever going to see home again. We grew up fast, and yet somehow, we never grew up at all. We fought for our freedom, as well as the freedom of others. Some of us saw actual combat, and some of us didn't. Some of us saw the world, and some of us didn't. Some of us dealt with physical warfare, most of us dealt with psychological warfare. We have seen and experienced and dealt with things that we can't fully describe or explain, as not all of our sacrifices were physical. We participated in time honored ceremonies and rituals with each other, strengthening our bonds and camaraderie. We counted on each other to get our job done and sometimes to survive it at all. We have dealt with victory and tragedy. We have celebrated and mourned. We lost a few along the way. When our adventure was over, some of us went back home, some of us started somewhere new and some of us never came home at all. We have told amazing and hilarious stories of our exploits and adventures. We share an unspoken bond with each other, that most people don't experience, and few will understand. We speak highly of our own branch of service, and poke fun at the other branches. We know however, that, if needed, we will be there for our brothers and sisters and stand together as one, in a heartbeat. Being a veteran is something that had to be earned, and it can never be taken away. It has no monetary value, but at the same time it is a priceless gift. People see a veteran and they thank them for their service. When we see each other, we give that little upwards head nod, or a slight smile, knowing that we have shared and experienced things that most people have not. So, from myself to the rest of the veterans out there, I commend and thank you for all that you have done and sacrificed for your country. Try to remember the good times and grow from the bad times. Share your stories.

But most importantly, stand tall and proud, for you have earned the right to be called a Veteran.

Patriot Guard Riders

Brother Keith Longacre, gave a wonderful and inspiring talk about his Patriot Guard Riders at our 30 Sept Business Meeting.

Keith, said, the Patriot Guard Riders is a 100% Volunteer, Federally registered 501(c)(3) non-profit organization which ensures dignity and respect at memorial services honoring Fallen Military Heroes, First Responders and honorably discharged Veterans.

WHAT WE DO

The Texas Patriot Guard Riders hold no political agenda, just a strong desire to honor those that are serving or have served in the military. When invited by family, we attend funerals and interments, participate in standing a flag line, and provide a barrier between the family and any person or group which might show up to disrupt these solemn services. We also participate in numerous parades, festivals, and gatherings, honoring active military members and veterans.

Along with our support of our military and veterans, we also proudly support law enforcement, fire, and EMS as each of these individuals put their life on the line everyday so each of us can enjoy the safety and security right here at home.

Our main mission is to attend the funeral services of fallen American heroes as invited guests of the family. Each mission we undertake has two basic objectives:

Show our sincere respect for our fallen heroes, their families, and their communities.

Shield the mourning family and their friends from interruptions created by any protestor or group of protestors.

We accomplish the latter through strictly legal and non-violent means.

To those of you who are currently serving and fighting for the freedoms of others, at home and abroad, please know that we are backing you. We honor and support you with every mission we carry out, and we are praying for a safe return home for all.
